Comments from Our Students

Ang Ming Wei

I would like to express my heartfelt gratitude to AP Chee Hay Kheong and Mr Adrian Hoa. Without their unwavering support and guidance, I would not have achieved what I initially thought was impossible.

F8 is an application paper which requires deep understanding of the subject matter. Thankfully AP Chee is a very approachable lecturer who never fails to answer my queries. He has a unique ability of breaking down complex concepts into smaller, simpler form. Thanks to his excellent exam techniques, I was able to tackle the exam questions with confidence. My enthusiasm for audit has increased after attending his classes and I will definitely be signing up for his P7 classes!

Mr Adrian Hoa has a wicked sense of humour and he puts that into good use by turning an otherwise dry subject into something lively and fun. This creates a relax environment for students to learn efficiently. His notes are simple, yet exam-oriented. Beside the excellent delivery of knowledge content, Mr Hoa is also very approachable and helpful.

Last but not least, thank you SAA-GE for the Outstanding Achievers Award. This will definitely spur me to achieve greater heights for the remaining of my papers.

Heng Kim Hong, Terence

My heartfelt appreciation to Mr Philip Woo for his guidance and commitment. He has made theories and business models easy to comprehend and remember through his detailed explanation and practical examples. "Stay focus and sing the song in exams", I remembered well. Thank you, Mr Woo!

Huang Li Zhen

I'm honoured to be one of the prize winners for the F4 paper and would like to take this opportunity to thank my lecturer – Mr Adrian Hoa. He gave us many relevant cases for better understanding and taught us how to use simple English to apply the law in the exams. I appreciate his effort in teaching us and also thank you SAA-GE for helping me pass other ACCA subjects in my first attempt in the June 2011 examinations.

Wong Kar Loong

I would like to take this opportunity to express my heartfelt gratitude to my lecturer Ms Lee Yuet Lai and all of SAA-GE's staff. To be a prizewinner has always been my dream and I would not have made it without the guidance of Ms Lee. Besides obtaining 2nd placing in Singapore for F6, at the same time, I have also obtained 1st placing in Malaysia for the same subject.

Ms Lee's comprehensive notes and effective teaching method enabled me to absorb the subject matter effectively and well-equipped to face various types of questions in the exam. Last but not least, I would like to also thank my other lecturers in the past who has guided me to pass my exams at the first attempt – Mr James Kwan and Mr Ho Meng Hee.

Riddhima Ajaykumar Adukia

I would like to thank my lecturers; Mr Wilson Aw and Mr Veeramani for helping me understand the concepts with ease and Ms Edith Quek for clearing my doubts. Without them, this would not have been possible. I would also like to thank the staff of SAA-GE for answering all my queries professionally and consciously. I will definitely recommend 'SAA-GE' to my friends who want to pursue a career in Accountancy!

Cai Jun Wei

I would like to thank all of SAA-GE's staff and my lecturer Ms Laksha Mehta. I applaud Ms Laksha Mehta's effort to inoculate students with the confidence and knowledge needed to do well for T5. She has shared many valuable insights and is more of a mentor than just a lecturer. Thank you very much for your patience and ample encouragement.

Zheng Hong Fan

I would like to thank Ms Yeo Ai Ling for being a fantastic lecturer. The dynamic way in which she delivered the lessons made me enjoy classes very much. Her lecture notes show that she is a committed and organized lecturer. Ai Ling's logical explanation and well-prepared notes saved me huge amount of time in understanding the complicated textbook. I enjoyed her lecture style. I would also like to thank Ms Laksha Mehta who is very caring even after we graduate from CAT. The counter staffs are always very helpful and present a professional image, especially Ivan.

Huang Li Ting

I really appreciate all the effort that he has put in for us.

Benedicta D Harisuryani

She did not mind spending extra time during break or after lesson just to clear any doubts that I had. Ms Lee's lessons and notes are simple and clear such that students can understand her well. I would also like to thank Mr Tan Peng Kwee who taught me for F4. He taught mind-mapping skills in class and was approachable whenever I have questions to ask. He made law concepts easier for me to understand and at the same time I believe the map-mapping skills that I have learned will be useful for other modules as well. The last lecturer that I would like to thank is Mr Ian Lim as he taught me a great deal on examination skills when I took F5 under him.
