## Comments from Our Students

**Susi** (2110679)

Being one of the prize winners, I would like to show my gratitude to my lecturer, Mr Wilson Aw for his guidance, patience and encouragement. Even though Mr John Seow did not teach me, he was also willing to assist with my course queries. I must say I am proud of the helpful lecturers at SAA-GE. Lastly, I would also like to thank SAA-GE staff for the good service provided.

**Tanu Dharma Wijaya** (1793444)

For paper F9, understanding the calculation is very important, but the theory part is also crucial. The allocation of the marks for those is almost 50-50. The theory part looked very difficult but Mr. Ian Lim makes it simple and easy to understand. So many thanks to Mr Ian Lim for this prize. Additionally, I would like to thank to another lecturers for giving their own real-world experience as examples in class so making the subject more interesting to be learnt. I think SAA is the best place to study ACCA in Singapore.

The practice sessions during the course are the main factor behind my achievement. Your passion for teaching provides the extra OOMPH for me to not just pass, but to excel!
