Global Executive MBA Programme Schedule

GEMBA Singapore
May 2014 Intake

Pre-programme On-line Introductory Module

The GEMBA Programme commences with an on-line introductory module, the ‘on-ramp’. This will be used to 1) familiarise students with the Lancaster learning method and administrative processes and 2) provide a foundation for an effective learning community. The introductory module culminates with a face-to-face ‘merging’ session facilitated by the students’ first GEMBA lecturer on the evening before their first GEMBA workshop.
